

## Submission Guidelines

---

Thank you for participating in A World of Hope for MDS!

Taiho Oncology is collecting images or expressions of art by MDS patients and caregivers. Our goal is to spread hope to anyone living with MDS. You don't have to be a professional artist to participate. Your submission can be a photograph or an image of another visual art form.

You must be over 18 years of age and a patient with MDS or caregiver to someone with MDS.

Email an image (preferably high resolution, no more than 20 MB in size) to illustrate the hope, beauty, and diversity of people living with MDS to [worldofhope@taihooncology.com](mailto:worldofhope@taihooncology.com). Please share your location (city and/or state only) and specify if the submitter is a patient with MDS or caregiver to someone with MDS. To protect your privacy, please DO NOT write or sign your name or add your street address or any other personally identifiable information to the image. All images must be submitted by November 25, 2020 to be considered for display. Any questions about the submission process can be sent to [worldofhope@taihooncology.com](mailto:worldofhope@taihooncology.com).

Submitting this image to Taiho Oncology provides permission for the entire image and its contents to be displayed on the Taiho Oncology corporate website.

Once the image is received, it will be assigned a distinct code number to identify it and the email will be deleted. Taiho Oncology will not use your email address, save it, or sell it.

The image must not be an exact replica of—or very similar in appearance to—any existing art or other work created by someone else—such as a photograph, painting, drawing, sketch, advertisement, or poetry—and must not infringe upon any other artist's copyright or other property or ownership rights.

We rely in good faith on your express representations as to the origins of the creative work submitted. If we determine, in our sole discretion, that any of these rules have been violated, the submission may not be used.

Do not include any brand or product names or logos in your artwork. Any creative work that contains a brand name or trademark of any kind will not be accepted.

If the submission shows the likeness of any person(s), you warrant that any such person(s) has given permission for this creative work to be submitted. If this submission is a photograph or any other recognizable likeness of a person who is under the age of 18, you warrant that you have written permission from the person's parent or guardian for this creative work to be submitted.
